### DETAILED ACTION

The amendment filed on 12/12/2005 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because, in a previous amendment filed 7/12/2005 in response to a Restriction/Election requirement Applicant elected, without traverse, the invention of claims 13-24, drawn to a process of use (and the resulting product - claim 24). Applicant also elected for species Embodiment A - a composition of a film-forming binder, an anionic polymer and a cationic polymer; as an anionic polymer a styrene-maleic anhydride (SMA) copolymer; as a cationic polymer a polyamidoamine-epichlorohydrin and as the film-forming binder starch. All of the original claims as well as claim 25, which was added in the previous amendment, have now been cancelled. Newly added claims 26-28 are drawn to a composition, which was not the elected invention. Newly added claims 26 and 28 recite as an anionic polymer a hydrolyzed copolymer of styrene-maleic acid anhydride having a copolymer of styrene-acrylic acid ester dispersed therein, which was not the elected species. Claims 27 and 39-34 depend from Claim 26 and thus inherit all of the limitations of Claim 26, including the species recited for anionic polymer, thus are also drawn to a non-elected species.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the
